(For Agent Use Only)
Not intended for soliciting annuity sales from the public.
Rates and Commissions subject to change.
Check for current state approvals.

* AIG - When GMWB payments begin, the client's Index Caps, Participation Rate, and Fixed Interest rate may each have a Rate Differential applied to it: Maximum Rate Differentials: 4% on Participation Rate, 0.4% on Monthly additive Cap, 1% on Annual Cap, 0.4% on Fixed Interest Credited Rate. Once set, Rate Differentials will not change during the life of the contract. Example of Rate Differential: if an Index Cap is 7% and the Rate Differential is 25bp, then the client receiving GMWB payments would have an Index Cap of 6.75% (7.00% - 0.25%).

SAGICOR LIFE INSURANCE COMPANY (Sagicor)

EQUITY INDEXED	Current Interest	Guaranteed Interest	Minimum Premium	Withdrawal Provisions	Surrender Charges	Issue Ages	MVA Y=Yes N=No	Commission	States Not Available
Platinum Indexed Annuity No Bonus 	Declared Rate Strategy Interest Rate - 3.00% Index Strategy 1 S&P 500® Index Cap - 6.00% Index Strategy 2 Basket Index Particip Rate* - 36.00% Min Guaranteed Interest Rate Years 1 thru 13 - 2.00% Min Guarantee interest Rate Years 13+ - 3.00% *This is a 3 year pt-to-pt strategy based on 3 indices: The Russell® 2000 Index, the Dow Jones EURO STOXX 50® Index and the Hang Seng Index	2.00%	Single Purchase Payment \$2,000 Q&NQ	Allocation dates - There are 4 allocation dates each month, the 1st, 8th, 15th and 22nd. The index value will be based upon the closing value of the index on the allocation date or if the allocation date is not a business day, then on the last business day. A Business day is defined as a day when the New York Stock Exchange is open. Transfers - are permitted from the declared rate strategy at the end of the 1 yr term. Transfers are permitted from the indexed strategy 1, S&P 500 Index, stand alone with a cap, at the end of the 1 yr term period. Transfers are permitted from index strategy 2, basket index with participation rate at the end of the 3 yr term period. Guaranteed Acct Value - This value will not be less than 100% of the premium paid, plus interest at the Guaranteed Annualized Interest Rate, adjusted by Withdrawals. Withdrawals - each yr after the 1st yr, the Owner may withdraw up to 10% of the acct value w/o surr charge. If Owner withdraws a minimum required distribution and the distribution exceeds the remaining Maximum Free Percentage, the applicable Surr charge would not be accessed on the excess amt. When a withdrawal is requested, the ratio of the Withdrawal to the Acct value is captured. These ratios are stored and summed for the entire year. Once the total exceeds 10% surr charges would apply. The Owner may withdraw all or portion of the acct value at anytime. After the 1st contract yr the contract owner may withdraw up to 10% of the acct value w/o incurring a surrender charge. Any portion of the 10% not used in the current contract yr will be carried over to the next contract year. Carry over amts will accumulate until the amt available for penalty free withdrawal reaches a maximum of 50% of the acct value. Once the penalty free percentage reaches 50% it will remain there until a withdrawal is taken. In any year in which the penalty free percentage reaches 50%, the maximum of additional accumulation in the next year will be the lesser of the percentage of withdrawal taken and 10%. Guaranteed Minimum Withdrawal Benefit - This benefit guarantees that starting in the beginning of the 11th contract yr, the Owner can withdraw up to a total of 10.00% of the premium paid, less any prior withdrawals, each year through the end of the 30th contract yr. The withdrawal amounts are guaranteed so that the Owner can make such a Withdrawal even if the acct value in the contract is less than the withdrawal amt. The withdrawal amounts are cumulative, so if the Owner doesn't utilize any or all of the Guaranteed Minimum Withdrawal Benefit amount in the following contract yr will be increased by the unused withdrawal. If the Owner withdraws more than the Guaranteed Minimum Withdrawal Benefit amount in any contract year, then future withdrawal amounts are not guaranteed and will be subject to having sufficient Acct Value to cover the withdrawal.	9 Years (9,8,7,6,5,4,3,2,1)	15 days to age 90-NQ 15 days to age 85-Q	N	8.00% (ages 0-75) 6.00% years 2-4 (ages 76-85) 4.00% year 1 (ages 86-90)	AK, CT, ME, MA, MN, NH, NV, NJ, NY, NC, OR, PA, VA, VT
